PROFESSIONAL SUMMARY

Detail-oriented Developer specializing in React.js and Next.js, passionate about building scalable, performant web applications with modern tools like Redux, Tailwind. Skilled at translating business requirements into clean, modular code and collaborating with teams to deliver user-centric UIs. Committed to continuous learning, adopting new technologies, and best practice. Love learning and implementing A.I and trends into applications.

SKILLS & TECHNOLOGIES

Languages: JavaScript (ES6+), TypeScript, HTML5, CSS3, (SQL)

Frontend: React.js (Hooks, Context API, Router), Next.js

Backend: Node.js, Express.js, RESTful APIs, GraphQL, Appwrite

Database: MongoDB, Prisma ORM, Mongoose, (PostgreSQL)

Styling & UI: Tailwind CSS,, Material UI, Shadcn UI, Radix UI, Headless UI, Framer Motion

State Management: Redux Toolkit, Zustand, TanStack Query (React Query)

Forms Handling & Validation: React Hook Form, Formik, Zod

Tools & Workflow: Git, GitHub, Vite, NPM/Yarn, Axios, Figma

Deployment: Vercel, Netlify, Firebase (Auth, Firestore)

EXPERIENCE

CodeFast - Application Developer

May 2024 – Mar 2025 | Ho Chi Minh City, Vietnam

- Built responsive front-end applications using React, Next.js, and Tailwind CSS, delivering a user-friendly interface optimized for multiple devices.
- Implemented a robust back-end with Next.js API, MongoDB for database management, and Stripe for subscription-based payments, ensuring secure and scalable functionality.
- Integrated AI tools to streamline coding processes, including debugging and generating code snippets, reducing development time by 30%.
- Deployed the application live, incorporating user authentication (Google OAuth and Magic Links) and email functionality via Resend, achieving a minimum viable product (MVP) ready for real-world feedback.
- Tech Stack: React, Next.js, Tailwind CSS (+ daisyUI), Next.js API, Stripe or Lemon Squeezy, Resend for emails, MongoDB for database.

Meowcart – Front-End Developer

July 2023 – December 2023 | Ho Chi Minh City, Vietnam

- Built and optimized a React/Next.js e-commerce platform, improving scalability by 20%.
- Migrated codebase to functional components with React, reducing bundle size by 15%.
- Implemented React Query for data caching, accelerating page load speed by 30%.

NTSoft – Developer Intern

January 2023 – June 2023 | Vinh Long City, Vietnam

- Developed admin dashboard features that reduced manual workflows by 15%.
- Engineered RESTful API integrations between frontend and backend systems.
- Contributed to full-stack development, delivering 4 production-ready features.

HIGHLIGHTED PROJECTS

Jobberit Interview Preps | AI-Powered Tech Interview Platform | [Github](#)

- Built an AI-driven interview platform using Next.js and Vapi AI to simulate real-world interviews.
- Integrated Firebase for user authentication, data storage, and real-time session tracking.
- Designed an intuitive, responsive UI for seamless interview experiences.
- **Tech Stack:** Next.js, TailwindCSS, Vapi AI, Firebase, TypeScript, Zustand.

CineSeek | React Movie Lookup Website | [Github](#)

- Developed a movie discovery platform with React.js, integrating Appwrite for a trending movies algorithm; designed a responsive, modern UI with TailwindCSS, featuring movie browsing, search, and a user-friendly experience.
- **Tech Stack:** React 19, React Hooks, TypeScript, Tailwind CSS, Lucide, Appwrite.

Neurai | Full Stack Face Recognition Web App | [Github](#)

- Built a full-stack face recognition web app with React and Node.js, integrating the Clarifai API to detect faces in images via URL or file upload.
- Designed a responsive frontend using React and TailwindCSS, featuring image uploads, URL submissions, and real-time face detection visualization with bounding boxes.
- Developed a secure backend with Express and MongoDB, using Mongoose for data modeling and JWT for authentication to protect API endpoints and user data.
- **Tech Stack:** React, TailwindCSS, Express, Node.js, Mongoose, MongoDB, Clarifai, JWT, Passport.js.

EDUCATION & CERTIFICATIONS

JavaScript Web Development Training (150+ hours)

2023 | Zero to Mastery Academy

The Complete Web Developer 2022 Certificate

2022 | Zero to Mastery Academy

FPT University – Bachelor of Computer Science

2018 – 2022 | Can Tho, Vietnam

LANGUAGES

- Vietnamese: Native
- English: Professional Proficiency
